

Pleasant Hill Academy

Pleasant Hill, Tennessee.

Thirty years of service to our friends in the hills.

A school where Christ is worshipped as the son of God
Where the Bible is revered as the word of God.
Where the home is exalted.
Where motherhood is honored.
Where child life is sacred.
Where work is a blessing, and service a privilege.
Where learning is a great opportunity, and giving a joy

The new year begins Tuesday, September 3, with 16 weeks before Christmas, and 16 weeks after, the year closing the last week in April.

All grades, from one to twelve, are open to all, who with earnest purpose seek an education.

Not only books are taught, but also the use of tools, construction and repair of farm buildings, the making of house furnishings; the handling of cows and horses, pigs and chickens; balanced rations, rotation of crops and soil building.

Cooking, sewing, rug making and gardening taught the girls. The only requirement is a desire to learn and a willingness to help and be helped. It matters not what you may have been in years past, what counts is, what you are determined to be in the years to come.

Special stress is laid on COMMON things of life; these COMMON things, God has made the FOUNDATION things.

No girl is worthy of a good home and husband and children until she can make it a real home in all the COMMON things of life, such as cooking and sewing and beautifying it.

No boy is worthy of a good home, with wife and children, until he knows how to meet the needs of such a home, in its convenient arrangement and comfortable furnishing and upkeep, as well as providing the means to run it.

This is also true of the FOUNDATION studies, reading, writing and arithmetic; so we require all the students to persist in all the branches until well grounded. No matter how rich or famous a student may become, he will always be glad for the good foundation in the COMMON things.

One of the best features of the school is a fully qualified doctor in charge of the health and body training of the students, a college woman, a graduate of the University of Michigan, of the Chicago School of Electrical Therapeutics, with special work in the hospitals of New York City.

Students receive careful physical examination and are carefully advised as to matters of health. Girls are trained by "Dr. May" and the boys by the Principal. The Incidental Fee covers all this. A small charge is made for medicine furnished and, in case of serious illness, parents are expected to pay whatever special bills there may be.

EXPENSES

Board, Room, etc. per month in advance..... \$10 50
Tuition, etc. per month in advance..... 1 50

Total..... \$12 00

Doctor's care, light, fire and laundry, \$1 00 per month in advance, by the term, making \$4.00 per term. Also there is a Damage Fee of \$1.00 per term, which is returned in full at the end of the term if there has been no needless damage.

When ever it is possible, students are expected to pay their full way in cash. Where this cannot be done students may arrange to pay part of the amount in farm produce. When neither of these plans are possible, we can arrange for a limited number to work out the items of board and tuition, in part, and in some special needy cases, in full.

Only students of unquestioned character and worth are allowed to work all the amount required.

The use of tobacco is discouraged and will not be allowed under any circumstance, except as the student shall bring request from parents.

Students or parents desiring further information should write the Principal, REV. EDWIN R. WHARTON.

YOUNG MEN, ATTENTION!

The Government Wants You To Go To COLLEGE
and Enlist in the ARMY at the SAME TIME!

Write for Full Details of the Plan of the

Students' Army Training Corps

UNIVERSITY OF TENNESSEE, KNOXVILLE

POMONA

The box supper and tackey party given at the school house, Aug. 17 was quite a success. Over \$27 was cleared. This will go towards the purchase of a new blackboard, and books, which are so greatly needed for the children.

Mrs. Chas. Cox, who has been ill for the last two weeks, went home with her mother, Mrs. R. D. Hall, to Linaria, Sunday, and will remain there until she is better.

Miss Grace Laihart went to Crossville, Saturday, where she will make her home with the Bishops while teaching at the High School.

Rev. Robt. Hall held, a revival meeting at Clayville, last week.

The many friends of Mr. and Mrs. G. L. Wilt, who have had three cases of typhoid in the family this summer, will be glad to know that the sick have now fully recovered.

Born, to Mr. and Mrs. T. A. Cox, girl.

Mrs. Tom Hassler, of Waldensia, is visiting home folks, here.

Edward Campbell returned to his work in Chattanooga, last week.

Mrs. Chas. Spencer, of Creston, formerly Gertrude Needham, of Pomona, is much improved after a serious illness.

Mrs. James Dayton, went to Creston, Sunday, to attend her sister's funeral.

Miss Nora Norris, of Winesap, was the guest of the Benedicts, Sunday.

Ada Benedict visited home folks, Sunday.

Aug. 26..... O.B.

Craven Hinch was up from Burke the first of the week attending Chancery court.

Chancery court is in session with Attorney Harry Camp, of Sparta on the bench instead of Judge A. H. Roberts. As W. R. Officer will be sworn in the first Monday of next month as Chancery Judge of this division, not a large amount of business is expected to be handled at this term of court.

Mr. and Mrs. Leon Bristow were in from Creston Saturday, shopping.

Miss Mammie Regan, of Cookeville, was the guest, last week, of Mr. and Mrs. Andy Elmore.

Peter Slaughter and wife are occupying the building formerly used by D. W. A. Reed for an office as a dwelling.

Win. Hembree and B. L. Wheeler came home from Crawford, Saturday. They have a large contract for painting company houses and offices. They returned to their work yesterday.

P. V. Beadle, who has been doing carpenter work at Crawford for some time, returned home Saturday.

O. T. Stewart of Erasmus, who has been suffering from a severe attack of typhoid fever, is now convalescent and is expected to rapidly regain his usual health.

J. W. Laminack has recently returned from a trip to Fruithurst, Ala., and other points visiting friends and looking after business.

The good natured rivalry that was aroused between the people of the Lantana and Vandever neighborhoods to see which could raise the more money for the Red Cross brought about some box suppers. Two were held at Lantana which resulted in \$92.85 being raised. Last Saturday the Vandever neighborhood held a box supper which resulted in \$72.50 being given for the Red Cross. That was quite a handsome donation and should the Vandever folks hold another box supper there is a strong probability that the Lantana people would be left a few laps behind in the race for raising funds for that most worthy of all causes—the Red Cross. Every person who has a heart for the Red Cross—and who has not—will be ready to clap their hands and shout for Lantana and Vandever.

I have at my farm, Grassy Cove, about 100 bushels of winter or turf oats for sale at \$1.25 a bushel here. These oats are first class: No cheat or cuckle. J. C. Kemmer, 8 28 3t.

A. L. Garrison has been appointed superintendent of the agricultural exhibits at the coming State Fair. Our county should, and doubtless will have an exhibit there. Our people may be sure that it will receive fair showing under the direction of Mr. Garrison.

Mr. and Mrs. W. B. Deaderick and friend, Mr. John Moore, of Nashville, are expected Saturday for a visit with Mrs. Deaderick's parents, Mr. and Mrs. Monroe Hyder.

John Wright, who has been working in Indiana for some months, arrived home last week.

The infirmities of age are bearing so heavily on Judge W. A. Hamby that he is confined to his room the greater part of the time. His failing strength was the cause of his resignation as postmaster.

Charles Hurst is here from Knoxville as the guest of Edward Qualls.

TEACHERS' MEETING

To Be Held at Pomona School House
Saturday, August 31.

Welcome Address: Flavia Converse.

Response: Helen Dixon.

Our Schools, The Hope of the Republic. M. L. Taylor.

Educational Foundations: E. R. Wharton.

Primary Work in Rural Schools: Mrs. C. E. Keyes.

School Government, Dora Hamby.

The Relation of the High School to the County: J. A. Albertson.

Basket Dinner.

Time, Labor and Legumes: J. E. Converse.

Our Country Canning and Sewing Clubs: Mrs. E. B. Cope.

Winter Crops and Cover Crops: W. G. Adsmund.

Round Table Discussion: Led by L. R. Neal.

Everybody cordially invited.

Flavia Converse, Chm.

J. S. Cline, Supt.

TEACHERS' MEETING

To Be Held at Woody School House on
Saturday, September 7.

Welcome Address: W. P. Baldwin.

Response: W. J. Turner.

The Rural Teacher's Problem: Adoie Henry.

Community Leadership A. G. Green.

The Teacher's Relation to the School and Home: Mack Henry.

Teaching of the Fundamental Branches: Supt. J. S. Cline.

Our Boys "Over There" Wm. Woody.

Basket Dinner.

On Poultry Raising and Woman's Bit: Mrs. E. B. Cope.

Soil Improvement: W. G. Adsmund.

Cooking, Canning, Conservation: Frances Cope.

The High School, as related to the Farm and Home: A. J. Albertson.

General Discussion: Led by J. H. Henry.

Everybody invited.

Addie Henry, Chm.

J. S. Cline, Supt.

Cumberland University

Lebanon, Tennessee.

offers to young men and young women excellent opportunities for college and preparatory courses with congenial companionship and delightful surroundings.

The University hopes to share in the War Department plan for college attendance and enlargement in the army of young men between the ages of 18 and 21.

Join the Students' Army Training Corps and Continue Your Education.

Special dormitory arrangements have been made for the young women under the direct supervision of the college.

College year begins Wed., Sept., 18, '18

For further information address,
EDWARD P. CHILDS, President, Lebanon, Tennessee.

Hickman Ashburn was here from Crawford Saturday, looking after business.

Mrs. Ellen Pierman, who has been passing some weeks here with friends, expects to leave tomorrow for New York city to take up her duties as teacher in a shorthand school, where she has been working for several years. She is making a pronounced success of her work and is drawing a good salary as the result.

Mrs. W. A. Martin received word a few days ago that her brother, Chas. Otto Boyer, Newport, was killed a few days ago on the firing line in France. Thus the real trials and horrors of this war come home to us more fully day by day.

PURE BLOOD Herford bull for service at my barn, service fee \$1.00, G. M. Martin. 7 24 2t.

Sheriff Cain Burnett was here from Dayton, Saturday, for a brief visit with his brothers and other relatives. Mr. Burnett was elected sheriff of Rhea county for the second successive term at the late election. Such a thing as electing a sheriff to hold for two terms in Rhea county is very unusual, a Mr. Burnett won by the handsome majority of 266.

J. D. Bandy, one of the most respected and prosperous farmers of Grassy Cove, was in town Saturday looking after business.

From extensive inquiry among the farmers of the county it seems sure that crops generally are the best this year for many, with the single exception of potatoes. The quality seems to be good but the yield light. An unusually large amount of clover and grass hay has been saved in a better than average condition. That, coupled with the sowed hay crop, which is doing splendidly this hot weather, means the largest crop of rough feed ever harvested in this county by considerable. Corn is looking well and the crop will be unusually large.

Plenty of Time Books at the Chronicle office: two weeks' size and monthly, only 10c. Stenographers' note books also.

At his own request Judge W. A. Hamby has been relieved as postmaster. His bonding company was asked by the government to fill the vacancy until the government could get around to hold the civil service examination that is necessary to fill the vacancy. The company has named C. G. Black for temporary postmaster and he took charge Monday morning. Many persons are hopeful that Mr. Black will continue to hold the office. Should he be an applicant, which at this time is uncertain, it is every way probable that he would have no opposition for the appointment. He is eminently capable to fill the place and should his appointment follow it will meet with the hearty approval of the public in general.

Mrs. M. H. Burnett, and two sons, who have been visiting with relatives here for some weeks, expect to return to their home, Hamilton, Ala., this week.

Mack Snodgrass, son of the late D. L. Snodgrass who was twice State Chief Justice, and wife arrived from Chattanooga last week for a brief visit with relatives. Mr. Snodgrass has been engaged in the retail grocery business in Chattanooga for some time but he recently sold out as he will become subject to the draft. He and wife will return home this week.

Alva Potter, who enlisted in the navy last November, has recently been promoted to the position of ensign, which is the same rank as a lieutenant in the army. Mr. Potter has many friends here who will be much gratified at his promotion. The announcement does not come as much of a surprise to those who know him for his friends understand that he is a young man of much capability and his advancement was fully expected.

Lester Bandy and sister Miss Fay, returned Monday from Knoxville, where they had been for a few days, visiting their uncle, W. N. Burnett, who is on the Knoxville police force.

For drilling wells see or write J. H. Graham, Pimona, Tenn. 6-6-tf.

Logan Faber was in from Isoline, Saturday. He recently returned from a trip to Hot Springs, Arkansas. He reports crop conditions bad in much of the country he passed through. Corn and cotton were utterly ruined for long reaches of country and he returned realizing as never before that we have a most excellent country and one in which those extreme drouths are never known.

Mr. and Mrs. Bennett of Cookeville, were the guests of Mr. and Mrs. Andy Elmore last week.

J. T. Horn, who is inspecting ties in White county, came home Saturday and returned to his work Monday. He reports corn badly damaged in that section by the drouth.

Crane's stationery by the quire and envelopes by the bunch at the Chronicle office. Nothing made better than Crane's.

George F. Brookhart, who went as a selectman from this county a few weeks ago, has recently been selected with two other men from his company and sent to Camp Black Jack, Marietta, Ga., to train for two weeks in a school for Trench Mortar work. The

gun they are training with is a three inch Stokes Trench Mortar which fires 20 to 30 shells a minute. The shells are 16 inches long and three inches in diameter. Only men with a fair education are selected for this work. Mrs. Brookhart is also in Marietta.

Miss Sallie McDonald, of Heiskell, spent the week-end with Mrs. G. W. Gilmore and daughter, Mrs. Henry Beamon, of Vandever, and was also the guest of Mrs. G. A. Schlicher, and daughter, here, Sunday.

Mrs. Leta W. LeSueur, Grand Secretary, O. E. S., returned to her home in Nashville, Sunday, after a visit of a few days with Grand Matron, Mrs. Dollie M. Comstock and other friends.

Mrs. J. T. Snodgrass arrived from Chattanooga, last week for a brief visit with relatives. She expects to return this week.

Mrs. O. T. Stewart and Mrs. Jess Scarborough and little daughter were up from Erasmus, Monday, doing some shopping.

Mrs. A. S. Ross arrived from Nashville, last week for a brief visit with her parents, Mr. and Mrs. Andy Elmore.

All the boys and girls are urged not to forget the Story Hour, on Saturday afternoons at 3:00 o'clock, in the Christian church.

The city schools will open for work Monday with Prof. H. H. Vincent in charge with a full corps of teachers.

Mrs. E. J. Ducey is expected home from Ohio the last of this week.

MEATS

I handle fresh and salt meats and vegetables and can furnish you on short notice.

LUNCHES

and hot meals while you wait—the "wait" will be short and the eats long. Our soup is extra fine.

F. A. LOSHBOUGH
